

August 2, 2005

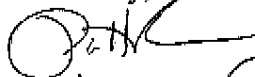

We would like to extend to you our most sincere thanks for your support and trust in making the first Bike the Sundial Fun Ride and Festival a success! Our first year's event came off on Sunday, July 17th. It was a hot day at 111 degrees yet we had people coming out to do the bike ride and enjoy the festival. The tricycle, snail and shopping cart races were the hit of the day and enjoyed by all.

Each of the benefiting children's and youth agencies had a chance to work together and pool resources (many for the first time), had great exposure in the community, and walked away with some much needed funds to help their programs.

We learned an incredible amount in putting this event together. As with most first year events, there is definitely room for improvement and we will use all of that new knowledge to make next year's event a greater success. It is our intention to form a committee of people from the business, non-profit and cycling communities who see the potential for good in this event and want to commit to making Bike the Sundial thrive.

Thank you again for your support. You made it happen!

Sincerely,

Patti Eayre
Ginger Carter
